

SITE PLAN WORKSHEET

Permit No. _____

	Last name	First	Mailing Address	Daytime phone No.
1. Property Owner				

2. office use

Date of pre-application meeting: _____, 201 _____

3.
 Supporting Data attached:
 Soils Info Air photo Topo Map Wetland Delineation Erosion Control Plan Other Permits Needed Misc.

1. Describe existing site conditions.
2. How will the project effect the lake and shoreline?
3. How will the project effect existing vegetation? (both upland and aquatic)
4. How will the project affect the adjacent properties?

5. Complete the following excavation or fill material amounts:

CUT AREA: _____ ft. X _____ ft = _____ ft²(a)

FILL AREA: _____ ft. X _____ ft = _____ ft²(b)

MAXIMUM DEPTH OF CUT _____ ft.(c) MAXIMUM DEPTH OF FILL _____ ft. (d)

TOTAL CUBIC YARDS OF EARTHMOVING REQUESTED: [(a x c)+ (b x d)] ÷ 27 = _____ YDS³

MINIMUM PROJECT DISTANCE FROM ORDINARY HIGH WATER MARK (OHWM): _____ ft

6. How will erosion be prevented during and after project implementation?
7. Will the project effect wetlands? yes no If yes a delineation, exemption certificate and/or replacement plan may be needed.
8. Are other permits needed? yes no If yes, include with application.
9. When will the project be start and completed?

Scale: _____

Drawing must be to scale and include: a top view with ①cut area, ②fill area, and a side view with ③maximum depth of cut or fill.
