1. Permission is hereby granted to drain water (into) (across) (along) the right-of-way of (CSAH / CR) No. _____ in _____ Quarter, Section _____, Township _____, Range _____.

2. Describe type of work proposed and acreage to be drained: _____

(Attach Map)

3. In the event that the proposed work involves the cleaning of the road ditch, the Land Owner agrees to restore the ditch to its original condition. This includes replacing 4 inches of the topsoil, rounding the ditch bottoms and seeding the ditch bottom with alfalfa and bromus seed mix.

4. Permission is granted with the specific understanding that Grant County will not be held liable for damage to the tile or ditch because of any future maintenance or construction operations which may be performed by Grant County.

5. The Land Owner(s) agrees for himself, his heirs, executors, and assigns to hold Grant County harmless for all claims, causes of action, and damages to anyone arising out of the proposed drainage within the road right-of-way. The land Owner(s) further agrees for himself, his heirs, executors, and assigns that if suit is brought against Grant County arising from the act of the proposed drainage within the road right-of-way, the Land Owner(s) will defend such action and pay all damages which may be legally assessed against Grant County arising out of such action in Grant County.

6. Land Owner(s) agrees to pay all costs and damages which Grant County may incur or sustain as a result of that which is done under the drainage permit.

7. Grant County assumes no responsibility for the proposed drainage within the road right-of-way and assumes no responsibility to pay any of the expense of the proposed drainage or to maintain the same in the future.

8. This agreement is to run with the land and bind the heirs, executors, administrators, and assigns of the parties hereto.

9. If the culverts along side the road is insufficient to carry the increased water caused by the draining along said road under normal high water conditions, then the Land Owner agrees to pay for all costs for providing additional culvert sizes to carry this additional water.
